

Homegrown Minneapolis

2023

Highlights

Who we are

Hi there! We're Homegrown Minneapolis and we're a part of the City of Minneapolis Health Department. Our mission is to expand the City's ability to grow, process, distribute, eat and compost more healthy, sustainable, locally grown foods.

Farmers Markets

2023 Milestones

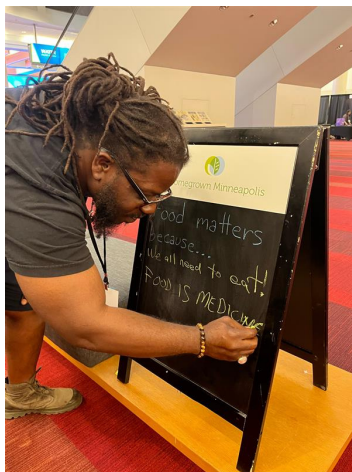

In 2023, we accomplished a lot! Here are some big events and successes that we're proud of.

April

We receive a grant from the Michigan Sustainable Business Forum and were invited to participate in the RE-AMP annual meeting in Detroit

June

We participate in the City's Community Connections Conference

March

City Council adopts the [Minneapolis Food Vision](#)

May

Minneapolis becomes a Food Matters City through the Natural Resources Defense Council

Phase 1
2024 - 2026

Minneapolis
Food Action
Plan

November

The Food Council adopts the [Minneapolis Food Action Plan](#)

Food Security

- Since 2021, we have redistributed \$2.4 million in federal funds to 16 food shelves and other food access projects.
 - Over \$650,000 were new funds awarded in 2023.
 - These 16 organizations provided culturally relevant and healthy food to more than 107,000 households.
- The Food Action Plan contains three actions to help spur conversation and advance action to address food security in Minneapolis.

Urban Agriculture

- In partnership with Community Planning and Economic Development and Public Works departments, we leased 59 vacant City-owned lots to community and market gardens through the Garden Lease Program.
- In partnership with Solid Waste & Recycling, we distributed 451 cubic yards of free compost to 52 community gardens through the Community Garden Compost program.
- We successfully advocated for changes to the zoning code to increase options for using greenhouses and hoop houses.

Farmers Markets

- Minneapolis was home to 18 farmers markets in 2023.
- We coordinated twice-monthly meetings of the Farmers Markets of Minneapolis Collaborative.
- We helped celebrate National Farmers Market Week with a Farmers Markets of Minneapolis treasure hunt activity.
- We successfully advocated for City funding to make infrastructure improvements to the Minneapolis Farmers Market on Lyndale Avenue.
 - Work is expected to begin in 2025.

Wasted Food

- Minneapolis entered a formal partnership with the Natural Resources Defense Council (NRDC) as a Food Matters city.
- Homegrown has been collaborating with City departments and community organizations to strengthen our City's work to prevent wasted food.
- We are developing resources to help restaurants prevent wasted food that will be promoted in 2024.

What's next

We have exciting projects coming up in 2024!
Here's a sneak preview of some of them.

**Food Security
Assessment**

**Implementing
the Action Plan**

**Community
Project Funding**

Get involved

Join us and your neighbors at the table to continue building and supporting a more equitable, sustainable, and local food system in Minneapolis.

Here are some ways to get involved:

- Attend a monthly [Food Council Meeting](#).
- Participate in an Action Team, email homegrown@minneapolisismn.gov to learn more.
- Subscribe to the [Homegrown monthly newsletter](#).

Thank you!
