6:00 Call to Order

1. Land Acknowledgement: As we meet here today, we are reminded that Minneapolis is situated on the homelands of the Dakota people. An area that is steeped in rich Indigenous history, and today is home to Indigenous people from more than 30 different nations. As a City, we have a responsibility to care for the land on which we live and work and all of its natural surroundings. This stewardship is an integral part of our involvement in this commission, and we honor it as we begin our meeting. We now open up this space to discuss ways in which we can support Indigenous people in our community.
