

Parks Community Outreach Department

2019 Urban Scholars Position Description

Job Duties

Undergrad

The Community Outreach Department seeks **two** Urban Scholars dedicated to an ambitious research and outreach project that shares new knowledge to advance race equity, gender inclusion and/or universal access in the Minneapolis Park System. You will be assigned a diverse range of tasks and be expected to work in the field with underserved and underrepresented community groups. Each Urban Scholar will have a specific long-term research project, but will also be expected to take on shorter, more discrete projects responding to the real time needs of our organization. Urban Scholars will be required to collaborate with and seek the assistance of internal and external thought leaders on their areas of work.
