

FREE LEAD TESTING FOR CHILDREN

Lead paint cracks in straight lines and looks like this

The City of Minneapolis Health Department is bringing a **mobile testing lab** to

GREEN CENTRAL PARK ELEMENTARY
3416 4th Avenue S.

JULY 16

We will knock on your door between 11 a.m. - 3 p.m.

Test your child for lead if they:

- ➔ Are under six years old
- ➔ Live in a home built before 1978
- ➔ Live in a home with recent repair to painted wood trim, walls or floors
- ➔ Have a playmate or sibling with lead in his or her blood

Testing for lead is important for your child's health.

Lead poisoning can cause health problems including:

- ➔ Learning problems
- ➔ Behavioral problems
- ➔ Slowed growth
- ➔ Hearing problems

Each child tested will receive **free books!**

A blood test is the only way to know if your child has lead poisoning.

Lead poisoning in kids is **100%** preventable
