

## **Tangletown Neighborhood Association**

Neighborhood Priority Plan

*Approved April 20, 2017*

The Tangletown Neighborhood Association (TNA) Board of Directors proposes allocating \$22,700 to a Neighborhood Priority Plan (NPP) focused on environmental and sustainability initiatives.

Sustainability and environmental initiatives may include, but are not limited to:

- Quarterly education events (leaf raking, water quality, reuse/recycle, backyard composting, etc.)
- Watershed protection programs (i.e. rain gardens, rain barrels, drain stenciling)
- Organics/composting programs
- Energy efficiency programs (energy audits, community solar support)
- Pollution prevention and remediation efforts

The TNA Board of Directors gave 21 day notice to the neighborhood of this intent, with a Board vote occurring at the March 20, 2017 meeting.
