

**Neighborhood Name:** Harrison Neighborhood Association (HNA)

**Neighborhood Approval Date:** April 11, 2016

**NCR Approval Date:** November 16, 2016

**Community-Driven Economic Development:** Work with key stakeholders to follow our community-driven vision and the station area planning process. Continue to support the business community through the administration of the Great Streets Façade Improvement Grant. Look for new work with developers, on the Equitable Development Principles and Scorecard, and more.

**Reflecting the neighborhood in leadership and activity:** Harrison is 70% renter, 65% people of color and a high percentage of people under the age of 24 and of people living with a disability. Our goal is to continue our progress to representing the major demographics of Harrison today and maintain the cultural fabric of the community for the years to come.

**Voter Engagement and turnout:** In 2014, HNA led an outstanding GOTV Action Center for North Minneapolis, south of Broadway. We saw record turnout in our neighborhood and ward and the participation of new voters has continued in other activities. We will go farther in 2016 and are looking forward to the wonderful leadership of Harrison residents!
