5th Street Pedestrian / Bike Bridge Enhancements - \$2,000

Support engagement efforts leading to artist-inspired enhancements to the new 5th Street Pedestrian / Bike Bridge. This priority is also supported by \$6,800 from the Good Neighbor Fund.

Road Map for the Future of Greater Dinkytown - \$4,540

Develop a vibrant vision and implementation plan for the “Greater Dinkytown” Community. This priority is also supported by \$8,650 from the Good Neighbor Fund.

Elwell Park Signage / Kiosk - \$3,000

Support the creation of interpretative signage for the newly rehabilitated Elwell (Turtle) Park on 6th St. SE that tells the story of the park – and provides historical context. (The original Elwell Park was lost to the neighborhood when 35 W was built and this little “pocket park” was a conciliatory replacement from the City). This priority is also supported by \$4,232 from the Good Neighbor Fund.
