Armatage Neighborhood Mini Grants Program

In May 2018, at the Armatage Neighborhood Association (ANA) Annual Meeting, neighbors shared many ideas to engage and enhance the community. As a result, the ANA Board created the Armatage Neighborhood Mini Grants Program to enable residents, businesses, schools, and organizations active in the community to dream up and implement ideas that will benefit the neighborhood.

ANA proposes an initial commitment of \$11,000 to this new priority. Grants will be small, and the selection criteria will include:

- Demonstrated need
- Clear benefit to Armatage neighborhood
- Likelihood of success
- Collaborative approach
- Timeframe for implementation

This proposed program was discussed at multiple meetings and was promoted through ANA social media. The ANA board approved this priority on March 19, 2019.
