

Neighborhood Name: St. Anthony East

Neighborhood Approval Date: March 25, 2019

NCR Approval Date: June 12, 2019

At a Community Meeting on Monday, March 25 St. Anthony East residents vote to approve the following Neighborhood Priorities:

Neighborhood Priority Plan

The SAENA Board of Directors would like to recognize two neighborhood priorities and designate funds to them via the Neighborhood Priority Plan.

Webster Elementary. SAENA has been conducting community engagement and interest regarding a partnership with Webster Elementary. At the September 2018 community meeting, residents voted for SAENA to focus on the Webster partnership for our 2019 projects. Thus, Webster Elementary and SAENA will utilize Neighborhood Priority funds of \$20,000 through the City of Minneapolis to accomplish two goals:

- Install patio/outdoor seating space at South end of the school building for classroom activities.
- Create music program. Webster will hire music educators to work with teachers to provide music programming in the classroom.

Priority Funds: \$20,000

Community Commons Park. SAENA and the Park Committee have worked since October 2016 to update and improve Community Commons Park facilities. At the September 2018 Community meeting, residents voted to pursue these projects in 2019. Thus, SAENA will utilize Neighborhood Priority funds of \$9,286 to accomplish this final phase. In this phase of this improvement project, we will:

- Install a rain garden at the North end of the park to prevent snowmelt and rain water from pooling
- Install a fruit forest at the South end of the park.

Priority Funds: \$9,286
