

Notice of Public Meeting

about a future bike boulevard on 6th Avenue SE

You are invited to a public meeting to discuss proposed changes to identify a bicycle boulevard on 6th Avenue SE between the Stone Arch Bridge and East Hennepin Avenue.

When: Tuesday, February 16th, 7:30 pm

Where: University Lutheran Church of Hope, 601 13th Avenue SE

This project is intended to provide a north-south route for bicyclists. **It will NOT entail parking removal.** A bike boulevard provides shared lanes (bikes and cars together) in the middle of the street.

In order to implement the bicycle boulevard, Minneapolis Public Works has developed a layout with several options. The public will be asked to rank preferences for items such as:

- Traffic calming
- Improvements to busy crossings

The project will also include way finding and route identifier signs, as well as pavement markings. To the north, the 6th Ave bike boulevard will connect with a bicycle boulevard on Fillmore, Polk, and Tyler Streets NE.

More Information: Visit www.ci.minneapolis.mn.us/bicycles/boulevards.asp or contact Shaun Murphy, Minneapolis Public Works, at 612-333-2450 or shaun.murphy@ci.minneapolis.mn.us. Questions or feedback are welcome.
