Dear Property Owner and/or Resident,

The City of Minneapolis will be reconstructing 61st St W between Lyndale Ave S and Nicollet Ave this construction season.

The scope of the project will include full removal of the existing street, subgrade correction, new pavement, curb and gutter, driveways, sidewalk, boulevards, trees, new storm main and storm drain inlets, and utility work as needed. The reconstruction will impact local access, parking and pedestrian paths. The storm main on Pillsbury Ave will also be replaced from 60th St W to 61st St W in coordination with the 61st St W reconstruction project.

The Department of Public Works will hold informational meetings to address questions that you may have about the 61st St W Reconstruction project construction. The meetings will be held on **Tuesday, May 22nd**. Both meetings will contain the same information. The meetings will be located at:

City of Minneapolis, Maintenance Facility

6036 Harriet Ave S,

Minneapolis 55419

1 p.m.

Windom South Recreation Center

5843 Wentworth Ave S,

Minneapolis 55419

6:30 p.m.

If you have any questions about this project, please contact me at 612-673-3762 or Beverly.warmka@minneapolismn.gov or the Chief Field Inspector, John Benjamin, at John.benjamin@minneapolismn.gov or 651-443-1096.
